Referring to your enquiry of March 1st, Associate Membership in our Society is five dollars annually. This would entitle you to the Society's publications through out the year. We issue no Journal, but publish monographs from time to time as per the enclosed list.

I am taking the liberty of enclosing an application card which I should be glad to have you fill out and return to us, should you care to consider the invitation of becoming enrolled as a Member.

Trusting we may hear further from you,

Very truly yours,

Dear Sir:

I take pleasure in sending you herewith a list of the monographs published by our Society, together with an application card which I should be gratified at being able to present to our Council if you should see your way clear to accepting this invitation to become one of our members.

We should be very glad to have you visit our Museum which has recently been enlarged but has not yet been opened to the public. If you will make yourself known and ask either for me or Mr. Wood, our Curator, we shall be glad to place at your disposal our library or the particular series in which you may be interested.

Very sincerely yours,

Secretary.
